## NOSE PRINT, PAW PRINTS & PHOTO SUBMISSIONS

A digital file works best for photos and to capture prints without the mess of ink. Use good lighting so you can get a sharply focused photo without blur from camera-shake. For maximum resolution fill the entire frame with complete nose or paw print. Use the "upload feature" when ordering on the website. Or place order, then reply to the order confirmation email and attach files.

Allow 1 business day for sterling silver & stainless steel, 4-5 weeks for 14K gold & platinum and additional time for large orders.
